Season runs from May 15th to October 30th - 5.5 months (crossing 2 fiscal budget years) (In CalYr20, start date is June 1st)

Time of Meters active is from 9 AM to 8 PM - Cost to park at particular locations may be changed by Council action from time to time. Industry "sweet spot" is generally close to 85% occupancy for each space. On line permits & parking spaces are referenced/paid for by utilizing vehicle plate data.

This fund is part of the General Fund, similar to the Cruise Ship Fund, where <u>Direct</u> expenses are tracked. Also, annual <u>Allocated Operating Transfers</u> are made to the General Fund for the departments' oversight, overhead as well as other designated reasons to covered related costs. Funds are transferred to the Town's <u>CIP fund</u> for equipment & infrastructure improvements, as revenues permit, through the budget process. Operational oversight and meter maintenance is provided by the Parking staff of the Police Department. All capital assets are purchased and accounted for by the Police Department. The allocation to capital is primarily in the areas of maintaining lights, public ways, parking areas, etc., that otherwise would be funded by taxpayer funds.
