

Town of Bar Harbor
Building Permit Requirements

1. A **completed** Building Permit Application form with Fire Department and Wastewater Department approval if required.
2. Three copies of an approved HHE-200 Sub Surface Wastewater Disposal Form (if a Septic System is to be installed).
3. Construction drawings that comply with the requirements of the 2009 International Building Codes. Commercial buildings require a State Fire Marshall construction permit and a Maine State Architects or Engineers stamp on the drawings.
4. Plumbing and Electrical permits must be obtained by a Master Licensed Tradesman. Homeowners may do the plumbing and electrical work in their own home after obtaining a permit; provided that they will be occupying the dwelling.
5. All new construction must comply with the Bar Harbor Land Use Ordinances, Maine State Plumbing Code, National Electrical Code, and the 2009 International Building Codes.

**State of Maine
Chimney or Fireplace Construction/Installation Disclosure**

State law, specifically 32 M.R.S.A., Chapter 33, § 2313-A, requires that chimney or fireplace installers, as of January 1, 1992, provides you with this "Disclosure" prior to the installation or construction of your chimney or fireplace. The purpose of this disclosure is to inform you that the National Fire Protection Standard # 211 (NFPA # 211) is the current standard which applies to all new construction of chimneys and fireplaces. Please note that the State of Maine does not require registration or licensure of chimney or fireplace installers. It is important to realize that many fires are caused each year from improperly constructed fireplaces and chimneys. This disclosure form should help you in making an informed decision as to the abilities of the installer and understand what requirements the installer must comply with.

Installer Information

Name of Installer _____

D.B.A. _____

Address _____

Telephone _____ Number of years doing installations _____

Consumer Information

Consumers Name _____

Mailing Address _____

Telephone _____

Give a brief description of installation being offered:

I, _____, the installer, hereby attest that the preceding information provided is true to the best of my knowledge. I also understand that if I fail to conform with the standards as outlined in NFPA # 211, I shall be subject to penalties as outlined under Title 32, Chapter 33, and the Oil and Solid Board Rules.

Signature _____ Date _____

Installation Standards

The 1996 edition of NFPA # 211 contains provisions for chimney, fireplaces, venting systems, and solid fuel burning appliances including their installations. The standards apply to residential as well as commercial and industrial installations.

Please check the type of construction to be built:

() Factory Built chimney and chimney units.

Factory built chimney and chimney units shall be listed and installed in accordance with the temperature conditions of the listing, the manufacturer's instructions and all applicable sections of NFPA # 211.

() Factory Built fireplaces.

Factory built fireplaces shall be listed and shall be installed in accordance with the terms of the listing. Hearth extensions shall be provided in accordance with the manufacturers instructions or shall be of masonry on non combustible construction in accordance with applicable sections of NFPA # 211.

() Unlisted Metal Chimney (smokestacks) for non residential applications.

Single wall metal chimneys or unlisted metal chimneys shall not be used inside or outside of one and two family dwellings. Metal chimneys shall be constructed and installed in accordance with the appropriate sections of NFPA # 211.

() Masonry Chimney.

Masonry Chimneys shall be constructed by appropriate sections of NFPA # 211 for proper design, support, re-enforced, and installation.

() Masonry Fireplace.

Masonry fireplaces shall comply with all requirements of NFPA # 211 and all other pertinent sections.

Consumer Checklist

Yes ___ No ___

Has the installer provided you with a written contract? 10 M.R.S.A., Chapter 219-A requires written contracts for any home remodeling or construction with an estimated cost in excess of \$ 1,400.00.

Yes ___ No ___

Have you asked the local fire department or code enforcement officials to inspect the installation during and after construction?

Yes ___ No ___

Is the installer familiar with the current NFPA # 211 standards and does he/she have a copy of same?
