Sent to Town Manager via email at: cknight@barharbormaine.gov

Subject: Large Culvert Project, Route 102
State Project Number: 025071.00

Dear Town Manager:

The Maine Department of Transportation is currently working on preliminary engineering for a Large Culvert Project on Route 102 in the Town of Bar Harbor.

The project is further described as follows: *Large culvert (#46319) located 0.05 of a mile north of Pine Heath Road. (See attached location map)*

The purpose of this letter is to make the necessary notifications of the project to abutters, municipal officials, and occupants of the highway under the provisions of 23 M.R.S.A. § 3351 and § 3352. We hereby request that you provide a copy of this notice to all municipal officials, employees and boards with responsibilities for utility and/or land-use planning/permitting, and that you post this letter on any municipal public bulletin boards, media outlets and/or municipal websites.

A preliminary virtual public meeting for this project will be scheduled as soon as existing conditions survey is completed. Notice of this meeting will be sent to the town and impacted property owners. The meeting notice will also be placed in local newspapers.

At this time the Department would like to know if there are any annual events or known traffic generators in the area of the project that would impact this project.

Should you have any questions, concerns, or other areas of interest, we would appreciate your comments and input. Please feel free to contact me at (207) 215-4051 with any questions or concerns.

Sincerely,

Douglas C. Coombs

Douglas C. Coombs, P.L.S.
