By John G. McCarty & Christopher C. Foole.

To the Honorable Justices of the Supreme Judicial Court next to be holden at Ellsworth in the County of Hancock on the second Tuesday of October 1890.–

Humbly complain John G. McCarty and Christopher C. Foole of Bangor in the County of Penobscot, that they now are & for two years last past, have been the owners as tenants in common of certain land situated in the Town of Eden in the said County of Hancock which said land adjoins a Public highway in said Town of Eden, leading from Bar Harbor to Somesville and which said land is described as follows, Viz:—

One parcel near Eagle Lake beginning at a stake at the Southeast Corner bound of said McCarty and Foole's land on the North side of the County road leading from Bar Harbor to Somesville – thence by the North side of said road in an easterly direction ten rods to a stake: thence at right angles with said road and parallel with said McCarty and Foole's easterly line in a Northerly direction 8 rods to a stake, thence parallel with said road in a westerly direction 10 rods to a stake at the North East Corner bound of said land of said McCarty and Foole. thence by said McCarty and Foole's easterly line in a southerly direction 8 rods to the place of beginning, together with a right of way for all purposes & a way over a strip of land one rod wide extending from said County road to Eagle Lake along and adjoining the easterly line of the "Curran Lot" so called,

being the same lot described in a deed from Daniel W. Brewer to said McCarty and Trole dated May 30. A.D. 1888 and recorded in Hancock Registry of Deeds Book 226 Page 388.- and another parcel - beginning on the northerly side of the County Road leading from Bar Harbor to Somesville at the South West corner of land formerly of Daniel W. Brewer - - thence Westerly along the line of said road 20 rods to a stake; thence Northerly parallel with the West line of said Brewer Lot 8 rods to a stake, easterly parallel to said County road 20 rods to said Brewer's line thence Southerly ~~along~~ said Brewer's line 8 rods to point begun at being the same parcel conveyed by George W. Newman to said McCarty by deed dated March 29 1888 and recorded in said Registry Book 223. Pp. 541- and an undivided half of the same having been conveyed by said McCarty to said Trole by deed dated August 23. 1888 and recorded in said Registry, Book 226. Pp. 373- that said highway adjoining said land has in the months of May and the first two weeks ~~of the month~~ of June last past been raised in one part adjoining said land and lowered in another part adjoining said land by a person authorized by said Town of Eden to the great injury of your Petitioners, that your Petitioners write in one year from said raising and lowering of said way to wit: on the sixteenth of June 1890 applied in writing to the Municipal Officers of said Town of Eden requesting said Municipal Officers to view said way, and to assess the damages occasioned to your Petitioners, by said raising and lowering of said way to be paid by the Town; that said Municipal Officers of said Town of Eden did forthwith - to wit: on the sixteenth of

of June 1890 act upon said Petition and view said way and the said Municipal officers did then and there upon said Petition and view determine and award that your Petitioners had not suffered any damages in their said land by reason of said raising and lowering of said way, and then and there refused to assess any damages for your Petitioners.- therefor your Petitioners being aggrieved by said determination award an assessment in this - that they have suffered heavy damages in their said land by reason of said raising and lowering of said way complain and appeal to your Honorable Court. - they therefore pray your Honorable Court that a just estimate of their damages to their said land by reason of said raising and lowering of said way may be had and that they may have their damages in the premises determined in accordance with the Statutes in such cases made and provided - and they beg leave to refer to said Petition to said Municipal Officers and said assessment of damages by said Municipal officers and all papers and documents in any manner relating to the premises on file or recorded either in the Town Clerk's Office of said Eden - or in the office of the County Commissioners of said County of Hancock - or in the Registry of Deeds of said County of Hancock; as a part of this petition and appeal. The undersigned Municipal Officers of the Town of Eden, upon the written application of the "Acadia Landing" (a corporation organized under the laws of the State of Maine and located at Bar Harbor in said Town) by Chas. F. Hood President of said corporation and John A. Peters Jr. Clerk of said Corporation, for license to build and extend a wharf into tide waters of "Frenchman's Bay, within the limits of said Town, gave public notice of our intentions to meet and examine the premises by posting written notice of our intentions for at least three days, in two public and conspicuous places in said town and in the vicinity of the premises to wit:

One in the Post Office at Bar Harbor, and one on a post on Eden Street at the entrance of the private way leading past the "Fabian Cottage" to the shore, when said proposed erection and extension of said wharf is to be made; being two public and conspicuous places in said Town, and in the vicinity of said premises, and describing said premises in each notice and stating in each a time and place at which we would meet and examine the same, and hear all parties interested in the same.

We met at the time and place appointed in the above notice, which notice forms a part of this return, and after an examination of the premises and hearing of the parties interested, are of opinion that it would be an obstruction to navigation and an injury to the rights of others to build, and extend a wharf into tide waters four hundred (400) feet from low water mark as asked for in their application, but that

would not be an obstruction to navigation, or an injury to the rights of others, to build and extend a wharf into tide water, for a distance of three hundred (300) feet from low water mark; and to make such lateral extensions as are set forth in their application; we therefore grant the said "Acadia Landing" license to build and extend its wharf into tide waters of Frenchman's Bay, within the limits of said town as described in the following license:

Beginning at the end of a private way leading from Eden Street in said Bar Harbor to said Bay, and between the side lines of said way produced which said private way runs between land formerly of Morris K. Jesup now of Emily A. Bebe on the North and land of Emily S. Fabian and land formerly of Cadwalader E. Ogden now of E. W. & E. M. Biddle on the South, to low water mark. thence following in the same direction but always running between the side lines of said private way produced, for a distance of three hundred feet from said low water mark into tide waters. Also to make any lateral extension of said wharf below low water mark for a distance of thirty feet on each side of that part of said wharf which comes between the side lines of said private way produced.

Whereas, upon said application it was ordered by said Selectmen that no personal notice be given and that public notice to all persons interested be given by publishing in some newspaper printed in said town a copy of said application and of the order of the said Selectmen thereon attested by the town clerk of said town, the last publication to be fourteen days before the time of hearing appointed by the Selectmen, and

Whereas, before proceeding with the hearing we first received conclusive proof that such order of notice had been fully complied with and public notice given as required by law, and after having adjudicated that such order of notice had been complied with and such notice given;

Now therefore having considered all of the matters relating to said petition and having heard all of the parties, we have determined and adjudicated to give and hereby do give written permission to the said New England Telephone and Telegraph Company, for the purpose of carrying out its objects, to construct and maintain its lines and run its wires upon along any of the highways and public roads in the town of Eden aforesaid. And the wires may cross from one side to the other of said roads wherever said Company may desire. The wires may be run from pole to pole, upon, along and across said highways and public roads at a height of at least fifteen feet above the ground except at places where the wires cross any highway or public road, and in such places they shall be run at a height of at least twenty feet above the ground And as incidental to the rights and powers hereby granted and permitted, said Company may do any and all things necessary to enable it to fully carry out its purposes in the manner above specified, after the erection of said lines, having first given such company or its agent opportunity to be heard. At the Annual town Meting March 1892 the Selectmen were authorized and directed to examine the condition of our School system and make report at the meeting of this year (1893) whether we are properly under the town system, so-called.
Mr. Almon Higgins for the Selectmen said they had acted according to the resolve. They found a record of an inventory of the school-house property taken by the Selectmen the Spring after the town voted to abolish the districts, therefore another appraisement was not necessary. They had examined into the question of system and by legal advice and Consultation with State School Superintendent N. A. Luce found that they were legally acting under the town system.

Article 54. Voted that said Article be indefinitely postponed.

Article 55. Voted that the Road Commissioners be instructed to sell the old Road Machine.
Voted: That a vote of thanks be rendered to the Moderator and the sum of Ten Dollars be paid him for his services.

There being no further business it was voted to adjourn.

Selectmen of Eden.

The undersigned Selectmen of the town of Eden, upon the petition of John L. Hodgkins and nineteen other persons, inhabitants of and owners of cultivated land in said town to lay out a town way in said town as follows:-

Beginning at a point on Bay View Drive on land of John A. Richardson following his eastern line to a lot containing one eighth (1/8) of an acre of land to be used as a town landing or privilege, the same to be located on land of said John A. Richardson, gave public notice of our intention to lay out the same by posting written notice of our intention for at least seven days in three public and conspicuous places in town and in the vicinity of the way, viz:-

One in the Selectmen's Office, one in Bay View Grange Store, and one on a tree on Bay View Drive, in said John A. Richardson's eastern line, all public and conspicuous places in town and in the vicinity of the proposed way, describing said way in each notice, and stating in each the time and place at which we would meet to examine and lay out the same. We met at the time and place appointed in above notice, which notice forms a part of this return, and after personally examining the proposed way are of opinion that such a way and landing as asked for would be of common convenience, and is a public necessity.-

We therefore lay out said way and landing as follows:-

1894.

Continued. Beginning at a stake in the center of the road commonly known as the Bay View Drive where said road crosses the line between land of John A. Richardson on the west and George B. Richards on the east, and running thence:- North 6° 45' East, but every where following the said eastern line of said Richardson's land and the western line of land of said Richards and of Bryant Bradley fifty-two (52) rods to a stake in the southeast corner of a Town Landing or Privilege which we have this day laid out, which said landing is bounded and described as follows:-

Beginning at the stake last mentioned in the foregoing description and running thence North 5° 45' east eight (8) rods to a stone bound at or near high water mark:- Thence on same course to low water mark: thence westerly and southerly following said low water mark to a point where a line at right angles to the first mentioned course from the first mentioned bound would intersect said low water mark:- thence South 84° 15' east to the first mentioned bound. Containing one eighth (1/8) of an acre more or less. ———

The road first above described is to be two (2) rods wide and the line described is the eastern line thereof, said road and landing to be wholly on land of said John A. Richardson, and we award to said Richardson as damages for land taken One Hundred Dollars.- ($100.-)

Collector's Return.

To Samuel N. Rich, Clerk of the town of Eden, in the County of Hancock and State of Maine.

Pursuant to the provisions of law, I caused the taxes assessed on the real estate of resident owners, or proprietors in the said town of Eden, for the year 1893, and that remained unpaid for the term of nine months from the date of the assessment, and in the list of assessments by the Assessors of said town, committed to me on the twenty-third day of June 1893, together with a warrant under their hands for the collection of the same in the form by law prescribed, and said taxes remaining unpaid as aforesaid, And whereas no person appeared to discharge the same, although after the expiration of said term of nine months, to wit: On the sixth day of May, A.D. 1895, I gave notice of the non-payment of said taxes, and of my intention to sell so much of said real estate as would be necessary for the payment of said taxes, and all charges, by posting notices thereof in the same manner, and at the same places in said town of Eden, that warrants for town meetings are required to be posted in said town six weeks before the day of sale, designating in said notices the name of the owner, and a certain and plain description of said real estate, and the number of acres, and the amount of taxes due and unpaid on each parcel of real estate; And I also duly lodged with the town clerk of said town of Eden a copy of such notice with my certificate thereon, that I had given notice of the intended sale, as required by law, and after the said real estate was so advertised for sale as aforesaid, and at least ten days before the day of sale, I notified the owner or occupant thereof of the time and place of sale by delivering to the owner or occupant of the real estate so advertised in person, a written notice signed by me, therein stating the time and place of sale, and the amt of taxes due and unpaid, and I also in said notice so posted as aforesaid gave notice that if no person appeared to discharge said taxes and cost of advertising on or before the twentieth day of June A.D. 1895, at ten o'clock in the forenoon, being the time of said sale, I should proceed to sell at the Selectmen's office, in the Engine House at Bar Harbor, in the town of Eden, being the place of sale by public auction to the highest bidder so much of said real estate as would be necessary to pay the taxes then due,

and necessary intervening charges. And afterwards, in pursuance of said notice to wit:- on the twentieth day of June A.D. 1895. at the Selectmens office in the Engine House in Bar Harbor, in the Town of Eden, being the day and place of sale, at ten o'clock in the forenoon, being the hour of sale, I proceeded to sell according to the tenor of said notices, the estate upon which the taxes so assessed remained unpaid. And it became necessary to sell the whole amount of the real estate so assessed and advertised, as no person would pay the taxes and legal charges for a less Amount of said real estate, and in the schedule following is set forth each parcel of the estate so offered for sale, and the owner or occupant thereof, the amount of the taxes and costs and charges for which it was sold, the quantity sold, and the name of the purchaser: And I have made and executed a deed of the parcel sold, to the purchaser, the person entitled thereto, and within four days after the day of sale, to wit:- on the twenty second day of June A.D. 1895. I lodged with the Treasurer of said Town of Eden, said deed to be disposed of as the law requires, and also, on the same day, being within four days after the day of said sale, I lodged with said Treasurer my certificate under oath, designating the quantity of land sold, the name of the owner of the parcel sold, and the name of the purchaser, what part of the amount for which said parcel was sold, was taxes and what was cost and charges, and also a deed of said parcel running to the purchasers. -
