Bar Harbor Water Company.
Notice of Condemnation.

The Bar Harbor Water Company hereby gives public notice that under and by virtue of the authority given to it by its charter to wit:-

Private Acts of 1874, Chapter 449, and additions thereto and amendments thereof, particularly Private and Special Acts of 1895, Chapter 229. It has taken and purposes to take and use for the purpose of flowing, maintaining and storing the waters of Eagle Lake in the Town of Eden, Hancock County, State of Maine. a strip of land extending entirely around said lake, except such parts as are included in the deed from Mary A. Curran to said Bar Harbor Water Company dated May 8th, 1897 and recorded in the Hancock County Maine Registry of Deeds Vol. 313, Page 149. and excepting the part included in the condemnation proceedings of October 30th, 1895. whereby the Bar Harbor Water Company condemned and took a parcel of land near the outlet of said lake for the purpose of constructing a dam and other fixtures.

The strip of land hereby taken is bounded on one side by said lake and on the other side by a line of equal elevation extending around said lake fifteen inches above the top of the waste way of the present dam, said line is also marked as follows to wit:- — By two iron bolts set in the ledge on the shore of said Eagle Lake to wit:- One iron bolt bearing north sixty-six degrees West and distant two hundred thirty four and twenty-nine one hundredths feet from the center of the waste way and an iron bolt bearing south twenty-four degrees fifteen minutes East and a distant three hundred seventy-one and seventh tenths feet from the middle of the waste way.

The top of said iron bolts is ten inches above the top

of the waste way and therefore marks the line of the outer limit of the strip hereby taken for flowage. The first section bolt above described is set in a ledge the top of which is Thirty-Eight one hundredths of a foot below the top of the waste way. The second section bolt above described is set in a ledge the top of which is one-tenth of a foot below the top of the waste way.

The Bar Harbor Water Company takes said strip of land only for the purpose of raising, maintaining and storing the waters of Eagle Lake and yields and restores to the owners of said land owners all rights therein not inconsistent with such purpose.

The Bar Harbor Water Company disclaims any intention of increasing under this condemnation the height of its present dam or the height or other dimensions of its present waterway. The purpose of this condemnation is to acquire such rights (and no other) in the strip of land herein above described as will enable the Bar Harbor Water Company by means of its present dam or another dam of the same dimensions with a waste way of the same dimensions to flow and store the waters of Eagle Lake within and upon said strip of land above described.

The Bar Harbor Water Company has caused Surveys to be made as required by section six of its charter and has caused an accurate plan to be filed in the town Clerk's Office of said town of Eden, and now gives notice to all persons affected as required and for all the purposes set forth in said Charter. A copy of this notice is filed with and forms a part of said plan.

Drain Across Land of Wm. B. Rice

Memorandum.

For the purpose of draining Bridge Street and vicinity, Bar Harbor, Maine, the town Bridge of the town of Eden has begun the construction of a drain leading in part across property formerly of Wm. B. Rice. This is being done with the distinct understanding that there has been no condemnation or dedication of the land for the purpose and that nothing has been or is being done that gives to the town any property rights in said land or imposes any burden or servitude upon the land. It is further understood that no future maintenance of such drain or repairs upon or acquiescence therein shall constitute a condemnation or dedication or give any property rights. Nor shall any prescriptive rights be claimed as said drain is constructed and will be maintained by virtue of a revocable license from the trustees of said estate. Nothing herein shall prevent the town from condemning land for such drain at any time in the future, but in case of such condemnation damages shall be assessed as unaffected by the existence of the drain now under construction.
