Notice of Condemnation.

The Bar Harbor Water Company hereby gives public notice that under and by virtue of the authority given to it by its charter, to-wit: Private act of 1879 Chapter 449, and additions thereto and amendments thereof, particularly Private and Special Acts of 1895 Chapter 299, it has taken and proposes to take and use for the purpose of flowing, maintaining and storing the waters of Eagle Lake in the town of Eden, Hancock County, State of Maine a strip of land extending entirely around said Lake. Except such part as are included in the deed from Mary N. Kiran to said Bar Harbor Water Company dated May 8th 1897 and recorded in the Hancock County Maine Registry of Deeds Vol. 313, Page 149, and excepting the part included in the condemnation proceedings of October 30th 1895, whereby the Bar Harbor Water Company condemned and took a parcel of land near the outlet of said Lake for the purpose of constructing a dam and other fixtures.

The strip of land hereby taken is bounded on one side by said Lake and on the other side by a line of equal elevation extending around said Lake ten inches above the top of the waste way of the present dam, said line is also marked as follows, to-wit: By two iron bolts set in the ledge on the shores of said Eagle Lake to-wit: One iron bolt bearing north sixty-six degrees west and distant two hundred thirty-four and twenty nine one hundredths feet from the center of the waste way and an iron bolt bearing south twenty-four degrees fifteen minutes east and distant three hundred seventy one and seven tenth feet from the middle of the waste way. The top of said iron bolts is ten inches above the top of the outer limit of the strip hereby taken for flowage.

The first iron bolt above described is set in a ledge the top of which is thirty-eight one hundredth of a foot below the top of the waste way. The second iron bolt above

described as on the ledge, the top of which is one tenth of a foot below the top of the waste way.

The Bar Harbor Water Company takes said strip of land only for the purpose of raising, maintaining and storing the waters of Eagle Lake and fields and reserves to the several land owners all rights therein not inconsistent with such purpose.

The Bar Harbor Water Company disclaims any intention of increasing under this condemnation or the rights of its present dam or the height or other dimensions of its present waste way. The purpose of condemnation is to acquire such rights (and no other) in the strip of land herein above described as will enable the Bar Harbor Water Company by means of its present dam or another dam of the same dimensions with a waste way of the same dimensions to flow and store the waters of Eagle Lake within and upon said strip of land above described.

The Bar Harbor Water Company has caused surveys to be made as required by section six of its charter and has caused an accurate plan to be filed in the Town Clerk's office of said Eden, town, and now gives notice to all persons affected as required and for all the purposes set forth in said charter. Return of Perambulation of Town Line
between
Town of Mount Desert and Town of Eden, Maine.

November 9th, 1901, At the request of the Selectmen of the Town of Eden, I went to Otter Creek and with John E. Bunker Jr., Alonzo Higgins, and E. Pike moved by Selectmen of the Town of Eden, and Merritt J. Abbot, of the Selectmen of the Town of Mount Desert, we looked for but failed to find, the large rock marked "B" which, according to the return of 1891, marked the eastern end of the dividing line. We then went to the iron bolt set in the boulder on the westerly side of the County Road and ran South forty-three degrees and thirty minutes East (S. 43. 30 E.) to a point near the center of Otter Creek, to a large boulder which was marked by setting a bolt in it.

We then started from the iron bolt in the boulder on the westerly side of the County Road and ran North forty-three degrees and thirty minute West. (N 43, 30 W) placing a tall stone post on the easterly side of the new road, so called, at Otter Creek. We followed this line through the day and on November, 9th and 11th, to the remains of an old fish fall on the westerly side of the County Road, at the head of Duck Creek so called.

We found bounds on this line as follows; The iron bolt in the boulder, above mentioned; six bolts set in the ledge on Green Mountain; a stone found on the westerly side of the "Old Road" so called, in Bubble Pond valley; two iron bolts set in the ledge on Pemetic Mountain; a stone post in a pile of stones on the

northwesterly slope of Sargent Mountain, a stone post set in the ground on the northerly side of the County Road leading from the Sound to Bar Harbor. We placed a pile of stones on the easterly slope of Sargent Mountain, and set another post, (below the two posts found), on all sides trees.

We found the line to be well defined except across old "cut downs" where the growth was but a few years old.

November, 18th. 1901, With Alonzo Higgins and G. Raymond Joy, Selectmen of Eden, and Lyman A. Sonds, Selectman of Mount Desert on began at the remains of the old stick at the head of "Dotore Creek", and ran North seventy-eight degrees West (N.78 W.), to a stone bound set in the ground on the easterly side of the town way near Oak Hill; thence on same course by line fences and spotted trees to a stone bound set in the ground on the easterly side of the Mount Desert Road leading from Indian Point to Pretty Marsh; thence on same course by stakes and occasional spotted tree to a bolt set in the cedar at the top of the knoll at high land. The portion of the line is well defined.

Report of Committee in regard to "Article 96." March 8. 1904.

Bar Harbor. Me. March 8. 1904.

The committee to which was referred Article 96 "To hear a proposition from E. M. Hamor in regard to history of the town of Eden and act thereon," have taken the matter under consideration and beg leave to submit the following report.

The work offered by Mr. Hamor contains 267 pages and a copious index. It is carefully and clearly written and contains a vast amount of historical and genealogical data relating to the town of Eden and its inhabitants, compiled with much care and at great cost of time and labor. The book is of great value to the inhabitants and property owners of the town inasmuch as a great deal of the data contained in it can be obtained from no other source and inasmuch as it is a compilation of valuable data from many sources difficult of access.

Moreover its value will greatly increase as time goes on owing to inevitable loss of original sources of information through deaths and through the destruction of original papers.

Mr. Hamor offers to the town as a free gift all that

he has contributed to the Volume in the years of time, that he has spent in compiling it and if the town chooses to reimburse him for his actual outlay he is willing to accept such reimbursement.

The committee recommends that the work be accepted for the town, that the sum of $100.00 be appropriated and paid to Mr. Hamor to cover his actual expenses and that the thanks of the town be extended to him for his generous gift of the fruits of his labor and care.

Signed - George A. Phillips L. B. Deasy.
F. Rodick. Chas. B. Pines.
Oliver L. Hall.

Voted:- That the report of the committee be accepted that the cordial thanks of this town be extended to Mr. Hamor and that the sum of $100. be appropriated for the purpose set forth in the report.

(Relating to the Sewer Commissioner being a Member of the Board of Health.)

Article 100. Voted: To indefinitely postpone -
(Relating to building a Sidewalk at East District)

Article 101:- Mr. F. L. Brewer through his attorney L.B. Deasy, presented the following.

To the Town of Eden:-

I beg to submit the following proposition:-

I will purchase of the town the Pest House lot, being the same property conveyed by me to the town by deed dated March 14th 1903 and recorded April 17th 1903. in the Hancock County Registry of Deeds Book 391. Page 33. for the sum of one thousands dollars. In addition the above I will convey to the town, without further compensation, a lot on or near the "Break Neck Road," containing one half acre for use as a Pest House Lot:- such lot to be selected from my land by such officers as may be designated by the town.

Bar Harbor, Maine, March 7th 1904.

F. L. Brewer.

Voted:- To accept the proposition made by Frank L. Brewer to buy the "Pest House Lot" near Witch Hollow Pond and to furnish another lot for same.

Voted:- That the Municipal Officers be authorized and instructed to make, Execute and deliver to Frank L. Brewer, on receipt of the sum of One thousand Dollars, a deed conveying to him said "Pest House Lot," being same property conveyed by said Brewer to the town by deed dated March 14th. 1903. and recorded April 17th 1903. in the Hancock County, Registry of Deeds, Book 391. Page 33.

Voted: That the Municipal Officers be authorized and instructed to select a lot on or near the "Break Neck Road" from land of said Brewer.

Later in the meeting Mr. Brewer submitted the following.

To the Town of Eden:-

If more agreeable to the town, instead of the proposed "West House Lot" on the Breakneck Road," I will give a lot containing half an acre, near "New Mill Meadow". Location to be agreed upon between the town and myself.

This location is nearer the Village of Bar Harbor than the present "West House Lot."

Or, instead I will give a similar lot near Eagle Lake. I think that this latter location would be undesirable for obvious reasons.

March 9th 1904.

F. L. Brewer.

Voted:- That the Selectmen and Board of Health be authorized to select a lot at "New Mill Meadow" as offered by Mr. Brewer, instead of a lot on the Breakneck Road if they think fit.

Voted:- That the appropriation for Sprinkling Sheet and Surface Drain be expended by the road Commissioner.

Voted: That the Salary of the overseer of the Poor be fixed at $125. for the ensuing year.

At meeting of this committee for the purpose of organizing was held at the Municipal Court Room on Tuesday, March 22= 1904 -

E. N. Benson was chosen chairman and W. H. Sherman clerk.

It was voted to divide the committee into several sub. committees as follows -

Committee on Wards -

John Sumnisby. H. E. Wakefield Julien Emery. L. A. Austin and B. E. Whitney -

Committee on Offices and Expenses of a city - B. S. Higgins. Frank Spratt. F. P. Gray. Alonzo Higgins

and F. E. Lynam-

Legislation Committee-
E. N. Benson, E. M. Hamor, W. H. Sherman
Harry McFarland, and W. H. Davis.

Committee on Correspondence
F. E. Lynam, W. M. Roberts, F. O. Gray, E. M. Hamor,
and Julian Emery.

The various sub-committees took up the work assigned to them and during the Spring and Summer much was accomplished in getting facts, figures and opinions as to the relative merits and defects of the two forms of government. The Committee on Correspondence and also the committee on "Offices and Expenses of a city" sent out a large number of letters to people who were in a position to give fair and unbiased opinions. The letters sent out by the "Committee on Correspondence" were not sent to Office holders, as it was thought that they might not feel like criticizing their existing form of government, but were sent to representative private citizens of the smaller cities and large towns of Maine.
The replies received were so numerous and many of them were of such length, that it is considered impracticable to embody them in this report. An examination of the letters will reveal the fact, however, that the opinion of those who wrote them stood in the ratio of 20 to 25 in favor of the City form of government. The figures regarding the expenses of the city government as compared with the town form were also favorable to the former especially so when the

unusual conditions existing here are taken into consideration.

Many of the letters and estimates have been published in the Record and you are no doubt familiar with their contents. An equal number, for and against the City form, were published in order to place the matter impartially before the public. The members of the Saviors committee will gladly give you any information by them acquired, which is not embodied in this report.

Your Committee has also met in conference a committee from the Summer residents' association and while the non-residents had not seriously considered the matter of a City form of government, the result of these conferences seemed to convince your committee that the reforms which they advocated could best be accomplished through the medium of a city charter.

The last meeting of the general committee was held in the Municipal court room on Saturday, September 24th. The reports of the sub-committees were carefully considered and the whole subject discussed in detail.

As the result of our investigations, we are of the opinion that the adoption of a City Charter would

First - Fix the responsibility for appropriations and expenditures instead of having so divided a responsibility as we now have at our town meetings.

Second - Form a deliberative body which the Town meeting as now conducted has ceased to be -

Said- Have such deliberative body ready at all times to act as emergencies arise- We believe the opposition to a city charter is largely sentimental and would quickly disappear in the better government ensuing from the adoption of a municipality-
We therefore recommend that the town of Eden apply to the next legislature for a city charter-

Respectfully submitted-

E. N. Benson.
W. H. Sherman.
Sud C. Lyman.
F. P. Pray.
W. H. Davis.
